13 Defendant.

C21-0861 TSZ

MINUTE ORDER

14 The following Minute Order is made by direction of the Court, the Honorable
15 Thomas S. Zilly, United States District Judge:

16 (1) In a declaration, docket no. 134-1, signed by Sarah Evans on behalf of the
17 Settlement Administrator, Strategic Claims Services (“SCS”), the following information
18 was provided: “SCS has received 8,283 claims, of which 2,702 have been provisionally
19 deemed to be valid and 5,581 are provisionally deemed to be deficient or ineligible.” *Id.*
20 at ¶ 18. This data suggests that over 67% of the putative class members who expended
the time and effort to complete and submit claim forms will not receive any benefit from
the settlement. Absent further explanation, the Court will be reluctant to grant plaintiffs’
motion for final approval, docket no. 134, which is currently noted for October 18, 2024.
The Settlement Administrator is DIRECTED to file a supplemental declaration, on or
before October 8, 2024, addressing the following issues:

21 (a) On what ground or grounds have claims been provisionally deemed
22 to be deficient or ineligible and, to the extent that multiple grounds are involved,
23 approximately how many claims are associated with each ground;

1 (b) What steps, if any, has the Settlement Administrator taken to
2 communicate with putative class members about alleged deficiencies or
3 ineligibility, and what opportunities have putative class members been given to
4 cure any deficiencies or to seek review by Class Counsel of the Settlement
5 Administrator’s provisional determination, *see* Amended Stipulation and
6 Agreement of Settlement at ¶ 24(d)–(e) (docket no. 125-2);

7 (c) How many or what percentage of claims deemed provisionally to be
8 deficient or ineligible does the Settlement Administrator anticipate concluding are
9 valid before the Final Approval Hearing scheduled for October 25, 2024, or within
10 thirty (30) days thereafter;

11 (d) How does the percentage of claims deemed provisionally to be
12 deficient or ineligible in this matter compare with the rates of rejected claims in
13 other, similar cases;

14 (e) Of the 5,581 claims provisionally deemed to be deficient or
15 ineligible, how many claims involve putative class members who purport to have
16 (i) only Securities Act Claims, (ii) only Exchange Act Claims, or (iii) both
17 Securities Act Claims and Exchange Act Claims, as defined, respectively, on
18 Page 2 of the Order entered February 15, 2024 (docket no. 128); and

19 (e) Given the claims provisionally deemed to be valid and any claims
20 that have been or will likely be deemed valid as a result of the cure and/or review
21 process, what are the expected average and maximum gross and net distributions
22 relating to Securities Act Claims and Exchange Act Claims.

23 (2) The Settlement Administrator is DIRECTED to make arrangements for one
of its employees with knowledge about this matter to appear in person on its behalf at the
Final Approval Hearing.

(3) The Clerk is directed to send a copy of this Minute Order to all counsel of
record.

Dated this 30th day of September, 2024.

Ravi Subramanian
Clerk
